

# VIRO CUBE MERCHANDISER FOR PADLOCKS

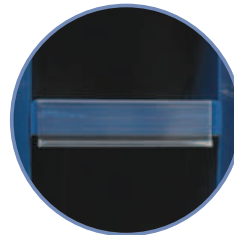

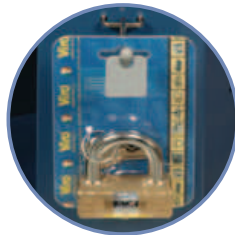

Revolving column with metal shelves and hooks  
Polyester transparent walls with serigraphs

**ITEM 470**  
(Weight of the empty unit Kg. 12,6)

- It displays the padlocks and at the same time it is a reminder of the Viro safe range
- Easy to assemble with few screws and by self-sticking paper around the walls perimeter
- It can show all the Viro and Fai by Viro padlock ranges, either in boxes or skin-packs or blister packs
- Capacity for many padlocks, depending on the chosen models
- The carrying hexagonal column can be rotated by the customer, to assist in choosing the most suitable padlock
- The cover and the three transparent walls are light and unbreakable and allow the retailer only to deliver the product to the customer and to re-stock the merchandiser by the unique open side placed in front of the counter

Supplied complete with balancing supports for showing the prices (for the hooks) and adhesive sliders (for the shelves)
